STRAIGHT FROM THE SHOULDER

Jackson Charged with Having Evaded Every Opportunity for Getting on a Match by Resorting to All Manner of Subterfuge-Corbett Willing to Fight Anywhere.

Champion James J. Corbett last evening gave to THE TIMES representative the following personal statement, which will prove interesting reading:

"In answer to the cowardly misstatements that have been circulated by Peter Jackson, and the subterfuges that he has resorted to in order to crawl like a cur out of the proposed match with me, I desire to make the following statement. I have stated emphatically all along that this nigger does not want to fight me, after the punching I gave him in the control of the predisposition or susceptibility, whether inherited or acquired, is greatly modified, and in some cases wholly annihilated. Mr. Brown was found busily engaged at the store of George E. Kennedy, 1116 Connecticut avenue. As soon as he was at leisure he very courteously gave the following information: "I first learned of Dr. Shade through an article that appeared in a "He has stated that he would not go south "He has stated that he would not go south of the 'Mason and Dixog line' on account of prejudice existing against his color—he has thrown sturs upon the fairest people in the world—the Southerners, who gave George Dixon fair play there—and he proved himself a rank quitter when he refuses to go and meet me in New Orleans, when he knows if by any fluke he should happen to win it would make him famous and independently rich for life. "Any of these men are satisfactory to me. TO PUT JACKSON ON BECORD.

"I want to put this fellow on record—does he dare to insinuate that any of these men would stoop to give him the worst of it?

"He talks about fighting in three mouths, when he knows that this club has shown him that it is impossible for them to bring it off in that time, and he himself stated in the presence of twenty witnesses in New York city, two weeks ago, that ne would not fight inside of six months. If he is so anxious to fight why don't he come to where I am, and he can get all the fight he wants at twenty-four hours' notice, or I will meet him secretly at once, any place he meet him secretly at once, any place he names, and show this cowardly nigger up plainly for the sham and hypocrite that

The truth of the matter is this man hates Americans because they do not consider him as good as they are and because he is not allowed to pose and strut about and be looked up to and worshiped as he is on the other side of the water.

WILL PIGHT IN A HACK. "He says that he is not an actor, and that him. No; because his attempt to appear on the stage was a direfailure, and the managers throughout the country now refuse to book

him again.

"In conclusion, Mr. Peter Jackson, I tell you plainly that I will hight you privately or openly in one week, one mouth, two months, or three months' time, for as much money as you can raise, purse or no purse, in a club, on a barge, in a back, in a room, snywhere in America."
